*"Working with Logic Sourcing has been a very positive experience for both my catalog client and me. As a result of Logic Sourcing's impressive efforts, I will be using Logic Sourcing for all my client's Chinese sourcing needs."*

quote

- Jason Plummer, *Electron Commerce*

**Offshore Outsourcing** maximizes savings and increases your global competitiveness, but without the right people, resources, and cultural understanding, you may lose control. Many manufacturers in China do not know how to communicate effectively in English or are not experienced with international supply chains. Logic Sourcing's experienced US and China teams know how to communicate with the suppliers to negotiate the best terms, and to convey your specifications to manufacturers.

## About Logic Sourcing, LLC.

Logic Sourcing offers outsourcing and China consulting services to US companies seeking to reduce purchasing costs, find qualified Chinese suppliers, and stay competitive in today's global economy.

Logic Sourcing, LLC is a subsidiary of Logic Solutions, Inc., established in 1995, in Ann Arbor, Michigan. For more information about Logic Solutions, Inc., please visit at [www.logicsolutions.com](http://www.logicsolutions.com).

## WHY LOGIC SOURCING?

- ◆ **Location** - Logic Sourcing's presence in both the US and China provides the legitimacy to conduct sourcing business in China.
- ◆ **Savings** - Our clients can expect to reduce product costs by 50% or more.
- ◆ **Broad Range of Services** - We welcome inquiries of all kinds of products and services, and all sizes. There are no limitations to the opportunities available.
- ◆ **Quality** - We view quality as important as price. We provide quality control oversight in the manufacturing process as well as in transportation.
- ◆ **Client Oriented** - Logic Sourcing does not represent any supplier. We use the best and most suitable suppliers for you.
- ◆ **Bi-lingual and experienced Team** - All team members understand American and Chinese business culture and are fluent in both English and Chinese.
